 jake@ericgales.com

ERIC GALES TECH RIDER 2024

FOH

- We travel w/ a FOH Engineer.
- We DO NOT travel w/ a FOH Board and request the use of the house board. When possible, please provide a Behringer X32, Midas M32, or Avid SC48.

Monitors

- We DO NOT travel w/ a Monitor Engineer and request the use of a house Monitor Engineer.
- We DO NOT travel w/ a Monitor Board and request the use of the house monitor board.
- There are 6 mixes including the Monitor Engineer's mix. 9 wedges (including monitor cue) and 2 drum subs necessary per plot.

Lighting

- We DO NOT travel w/ a LD and request the use of the house LD.
- We DO NOT travel w/ a Lighting board and request the use of the house board.
- No specific colors or directions for lighting. There is a lot of movement that should be emphasized, and spotlights should showcase any solos.

Backline & Gear

- We travel with backline unless otherwise noted.
- We DO NOT travel w/ mics. We request the use of house mics (per professional standard per instrument), stands, cables, and DIs per input list.

Risers

- We request the use of 2 8'x8' risers for percussion and drums, stage size permitting. They should be angled slightly towards the middle of the stage. 12"-16" legs optimal - open to other heights. These are to be setup prior to load-in.

Backdrop & Screen

- If your infrastructure offers the use of a screen and projector / LED wall downstage, we request the use of this for the projection of the Eric Gales logo.

Venue Tech

- If you have 5 in-ear monitor packs available, we request use of these. Ideal models are Sennheiser EW, Sennheiser XSW, or Shure PSM 300.
- We request a detailed house technical rider. This should be sent over at least 4 weeks in advance.
